

The RELIONMED-Life project invites you to the 8th and final lionfish removal derby that will be held on the **7th of November 2021** at Konnos Bay. Removing lionfish may help control the abundance of the species and may limit the negative effects of the presence of lionfish in Cyprus marine waters.

Agenda of the event:

8:30 - 9:30 Registration of divers, presentation of rules and provision of equipment (Removal Tool Kit) at the excursion area of Cape Greco.

10:00 - 12:00 Duration of the competition (see on the map the boundaries of the area where the derby will take place).

12:00 - 14:00 Opening of containers, weighing of lionfish and awards at the excursion area of Cape Greco.

THE COMPETITION IS OPEN ONLY TO SCUBA DIVERS.

Please, **REGISTER FOR PARTICIPATION** in the derby via the online form: <https://forms.gle/jq48WQJkAR5Vxq1f6>. **It is free!**

Other people who will not be competing are also welcome to attend the event, at the Ayioi Anargyroi excursion site (excursion area of Cape Greco).

See you there!
